

PRODUCT OVERVIEW

Brainwell BW-BBM-PULLST-SS is designed for safe and reliable housing of pull stations and siren/strobes in commercial and industrial installations. Its robust construction and multiple wiring access points make it ideal for structured cabling and system setups.

KEY FEATURES

- ★ Durable red metal housing for high visibility in safety applications.
- ★ Multiple circular knockouts for conduit & cable entry.
- ★ Central knockout for main wiring access.
- ★ Corrosion-resistant finish for long service life.
- ★ Compatible with standard pull stations / Siren-strobes

TECHNICAL SPECIFICATION
