

PRODUCT OVERVIEW

The SPK-BBP-HON-E ceiling speaker back box is engineered to provide a secure enclosure for in-ceiling speaker installations. Designed for durability and compliance, it ensures consistent sound quality while meeting professional installation standards.

KEY FEATURES

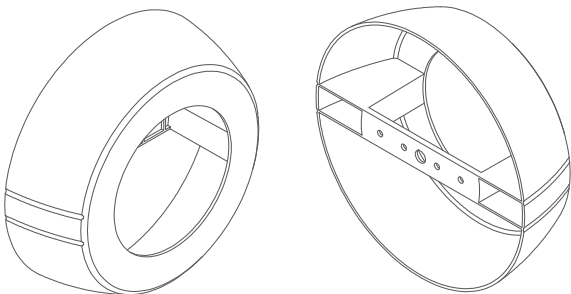

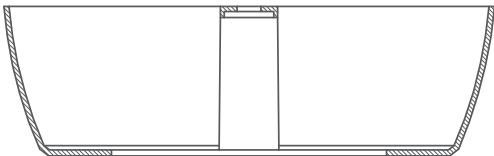

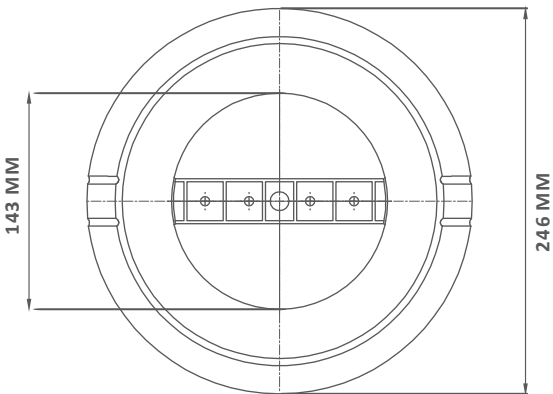

- ★ Multiple cable entry points for flexible wiring.
- ★ Compatible with standard ceiling speaker sizes.
- ★ Rigid construction for long-term reliability.
- ★ Easy installation with mounting provisions.
- ★ Crystal Gloss Finish for premium look & UV-stabilized material to prevent fading & yellowing.
